Dr. Perry White

Bethel College's 14th President

Courtesy photo

By Melanie Zuercher with edits by Camille Claassen

Bethel College faculty, staff, students, alumni and friends joined in inaugurating Perry D. White Sunday, October 10, 2010 as the culmination of the 40th annual Fall Festival. The theme of the service and inauguration was "Abounding in Hope," based on Romans 15:13.

White, Bethel's 14th president, has a bachelor's degree from Luther College, where he was a student of the renowned educator and choral conductor, Weston Noble. White went on to earn a master's degree in choral conducting from the University of Missouri-Kansas City and a doctor of musical arts from the University of Oklahoma.

Between 1983 and 1998, White taught music at the middle school, high school and college levels in Iowa, Missouri and Texas. After that, he held positions at Monmouth (Ill.) College and Silver Lake College in Wisconsin.

White's wife, Dalene, has Kansas roots and a degree from the University of Kansas. "My wife, Dalene, and I are truly honored to have been given this opportunity to serve Bethel College," White said.

Mojo's Coffee Shop

photo by Audra Miller

By Melanie Zuercher with edits by Camille Claassen

After percolating for a couple of years, some coffee dreams brewed into a shop that opened on the Bethel College campus in September 2010. That's when Patty Meier launched Mojo's at Bubbert's in what used to be the snack bar in Schultz Student Center on campus.

"It was a stated goal of Student Senate to bring a coffee shop to campus," VP of Student Life Chad Childs said, "and there was a lot of student input on what it would look and feel like. There was a strong desire that it be different from Bubbert's [a snack shop], that it feel like it was off-campus while being conveniently on-campus."

With funding from Student Senate and the Bethel College Women's Association, a gift from a local donor and Meier's own start-up funds, major renovations to Bubbert's included refinishing the floor on the top level, buying new tables and chairs, repainting walls, installing a Mojo's awning outside, improving the kitchen and building a coffee bar for making and serving the drinks.

In addition to brewed coffee, coffee drinks, other specialty drinks and fruit smoothies, Mojo's sells baked goods – including cookies, pastries and quiche – along with sandwiches and wraps.

Fall Festival

October 7-10, 2010

Each year, the Newton community kicks off Bethel's Fall Festival on Thursday evening with Taste of Newton downtown. Friday a special Fall Festival convocation sets the mood for student enjoyment of the upcoming weekend's activities. On Saturday the campus comes alive with an array of activities, many as part of a "Fall Festival fair" spread across the Green. This year Fall Festival weekend concluded with a final performance of Into the Woods.

photo by Claire Unruh

"Fall Fest was a whole new experience for me. Most schools have some sort of Homecoming, but the magnitude of Bethel's caught me off guard. Many people devoted a lot of time to make sure that this event was a success and, from my standpoint, it was. I had a great time at Fall Fest and I will look forward to it when it rolls around again next fall, but my only regret this year was that I didn't eat more verenike while it was so readily available."

- Aaron Tschetter

Megan Upton-Tyner

"Working behind the scenes for Agnes of God was a humbling experience to learn how much work actually goes into the plays produced at Bethel College. It was a memorable time getting to work with three outstanding young ladies in Agnes of God, an absolute tear jerking play that i felt privileged to be apart of. Megan Upton-Tyner excels beyond expectations in her first debut. Knowledgeable, witty, energetic, and creative, Megan pushed herself to produce the best play and experience in recent Bethel history."

Rachael Bachman

"This season has been amazing. It was fun being one of six seniors leading the team. As a team we played very well in preseason games, and during conference we had some ups and downs and faced some adversity but I felt pleased with how the season turned out. Our team developed strong relationships and we bonded extremely well and I can see a bright future for this team."

– Angela Wood

"I would say that the season didn't go as planned, but we had some good runs and played really good basketball at times. It was a fun year, even though we lost quite a few games. We definitely set some building blocks for more successful seasons in the future."

- Matt Regier

"What you are as a person, is far more important than you are as a basketball player."

- Jason O'Brien

"We started conference play out strong, but didn't finish the way we wanted to. Hopefully next year, our experienced group will be able to turn the program into a top tier KCAC team. I was blessed to have gotten to play with Matt and Jason, they will be hard to replace."

Interterm Trips

Haiti & the Dominican Republic

Bethel graduate Clifford Dick ('81) led a trip to Haiti and the Dominican Republic focusing on the January 2010 earthquake in Haiti. The students visited historical and colonial sites in the DR and then traveled to Port au Prince, Haiti to interact with the people and institutions that were impacted by the earthquake or responded to the needs of others who were affected.

photo by Danica Cox

photo by Claire Unruh

Jerusalem

Eleven Bethel students traveled with Professor Patty Shelly to Jerusalem over Interterm. The group spent three weeks in Israel/Palestine studying the geographical and historical context of the Bible, surveying the religions and cultures of the area, and exploring some of the dynamics in the Israeli/Palestinian conflict. Within this area they also traveled to Galilee, the Dead Sea, and Jordan.

Mexico

Social work professors Larry Friesen and Ada Schmidt-Tieszen accompanied students on a trip to Mexico to explore poverty, immigration issues, human rights, and the role of religion and spirituality. They had the opportunity to speak with people from local communities about social, political, and economic justice. The group stayed at Quest Mexico, an experiential learning center for peace and social justice, and in Mexico City.

"I fell in love with the people and culture we were immersed in. Sure, some of it was strange and foreign to me, but I learned a number of things from the poor and downtrodden that we came to know. What I remember most of all is how everyone around you becomes so much more important when you have nothing else and I hope to value people more and material things less in the future."

- Ryan Goertzen

Humans take refuge from the zombies.

Prof. Bill Eash caught in the midst of humans Chris Riesen, Aaron Tschetter, and Casey Schunn.

"HvZ is pretty fun, it's a simulation of a zombie apocalypse. It might seem weird to those not taking part, but it does get your blood rushing and starts to feel really intense. Because of the way the game is set up, it's a good simulation of a life and death situation. It gets your adrenaline pumping and let's you use your creativity to try and escape. It's a thrilling way to engage all your abilities, both mental and physical."
-Ben Histand

Seth Dunn, a human, fleeing from zombie Arthur Kauffman.

Student Activities Committee (SAC)
Renee Reimer and Amanda Regehr are the co-chairs, Clint Harris is the publicity person, and Caitlin Buerge is the sponsor. There are about 15 members in SAC for the 2010-11 school year.

"We plan fun activities throughout the year for students to participate in, like spring fling week, dances, the tacky sweater party, food events, movie nights, games, and all kinds of other stuff!"
-Amanda Regehr

"Spanish Club is an opportunity for me to meet other Spanish speaking students and learn through their experiences in the study of Spanish about the resonance of Hispanic culture. Being of a Mexican nationality, I am grateful to have an open space to communicate and transmit the cultural awareness that occurs when someone comes in contact with another language."

Environmental Action Club (EAC)

EAC is the "greenest" club on campus. The main goal is to make it easier for Bethel students to be environmentally friendly. EAC is most known for Earth Week, which included, Tie Dye, a Bike Repair, Hippee Hangout on the Green, and an overnight campout on the Green, with a nighttime walk to Druber's.

Marike Stucky

"I do forensics because, for me, it's a way to funnel all that I'm feeling into something artistic or constructive. When I'm around people that I don't know very well, I tend to be restrained and tend to bottle up all of my emotions. In forensics, when I'm acting, I can essentially forget who I am and just let it all out. That's a nice relief."

- Marike Stucky

Brandon Schwager
